Bespoke timber — Architectural signatures

Welcome to Modinex

We partner with architects and designers to create spaces that delight through bespoke timber architectural signatures.

We're passionate about enhancing your designs with luxurious allure. We inspire unique design opportunities, innovate the products and systems that make them possible and offer after-sales support to bring everything to life with beauty, strength and compliance.

Create stunning wow factor with flexibility of style, texture, colour, shape and species.

Talk with our design team today about how to maximise the grandeur of your space. Our extensive product range puts a wealth of inspiration at your fingertips. We can even collaborate with you to innovate custom solutions, specifically designed to bring your vision to life and elevate your space with exclusive designer appeal.

Our sustainability

Sustainably sourced
Australian made innovations.

Timber is a sustainable, renewable, carbon-positive resource that can reduce the carbon footprint of your project. Designing with timber enhances the sustainability of your space by capitalising on natural materials that can be re-purposed in the future.

At Modinex, we pride ourselves on being environmentally responsible. Our local base gives us the advantage of collaborating closely with architects and designers. By understanding your needs, we can create sustainable design solutions that are compliant, fit-for-purpose and brimming with natural beauty.

Our manufacturing plants utilise natural timber plantations that are PEFC certified, ensuring our design collections are sourced from sustainably managed forests. We also use environmentally sustainable, ultra-low VOC coatings to protect our environment for the generations to come.

Our process

Creating exclusive designer appeal with bespoke timber architectural signatures.

With more than 40 years in the industry, timber is more than just a material to us – it's part of our DNA. We're passionate about enhancing your projects with beauty, strength and compliance, always evolving our offering to develop new designs and finishes.

We love partnering with architects and designers at the conceptual phase, collaborating with you to develop sustainable product innovations that meet your design intent while making your building journey as smooth as possible.

Our passion

Exceeding our clients' expectations
– that's what we call satisfaction.

We're not just an architectural material supplier. We go above and beyond. It's the love we give our timber; the drying process; the grade; the flexibility of style, texture, colour, shape and species; and our collaborative design support.

When you choose Modinex, you choose a passionate design partner that's as invested in the finished result as you are.

Our team is on-hand to develop a bespoke solution that delivers on wow factor without compromising regulatory compliance. Make a statement with beauty, style and durability. Create a signature space with Modinex.
