## Castelation and Screenclad Twotone

## Sustainably sourced, Australian made innovations

Timber is a sustainable, renewable, carbon-positive resource that can reduce the carbon footprint of your project. Designing with timber enhances the sustainability of your space by capitalising on natural materials that can be re-purposed in the future.

At Modinex, we pride ourselves on being environmentally responsible. Our local base gives us the advantage of collaborating closely with architects and designers. By understanding your needs, we can create sustainable design solutions that are compliant, fit-for-purpose and brimming with natural beauty.

Our manufacturing plants utilise natural timber plantations that are PEFC certified, ensuring our design collections that are sourced from sustainably managed forests. We also use environmentally sustainable, ultra-low VOC coatings to protect our environment for the generations to come.

## Make a luxurious statement

This classy timber panelling innovation is guaranteed to turn heads. Available in a range of stunning and stylish pre-finished colours, Screenclad TwoTone offers style, colour, texture dimension all in one.

## Design and Performance

Sustainable timber — Available in a range of sustainably certified timber species

Certification — PEFC and FSC certified species are available

Fire rating — All Modinex timber species can achieve Group 3 for internal applications (Group 1 when treated with Fireshield). Softwood species do not meet the material requirements for BAL ratings

Easy to install — Concealed fixings for a refined design for ease of installation

Seamless design — Specially designed interlocking tongue allows for secret fixing

Design — Available in random or set length option

Pre-finished coatings available — Available in a range of standard colours

Application — Suitable for internal and out of weather applications only

## Choose your shape

PROFILE CODE	DIMENSION
<b>Castelation</b>	
PR-CTE-81X12	81mmW x 12mmD
PR-CTE-81X18	81mmW x 18mmD
PR-CTE-81X21	81mmW x 21mmD
PR-CTE-81X26	81mmW x 26mmD
<b>Screenclad</b>	
PR-SCE-81X12	81mmW x 12mmD
PR-SCE-81X18	81mmW x 18mmD
PR-SCE-81X21	81mmW x 21mmD
PR-SCE-81X26	81mmW x 26mmD

## Profiles

Castelation 81mm wide  
12mm and 18mm thickness available

Screenclad 81mm wide  
12mm, and 18mm thickness available

Castelation 81mm wide  
21mm and 26mm thickness available

Screenclad 81mm wide  
21mm and 26mm thickness available
